The screenshot shows a Windows Command Prompt window with a dark background. The title bar reads "Select Command Prompt". The window content shows the output of the command "python -m flask --version", which displays the installed versions of Python (3.10.7), Flask (2.2.2), and Werkzeug (2.2.2). The command prompt is currently at the "C:\Users\Bellogy" directory. The Windows taskbar is visible at the bottom, showing the Start button, search icon, and several application icons. The system tray on the right indicates the time is 12:15 PM on 10/29/2022.
